Without prejudice

To whom it may concern

I would confirm that Matthew Stone Restoration Ltd were employed to carry out work on 107 Jermyn Street, namely the cladding of the entire façade in Portland Stone, from February to October 2004. They carried out this job according to the architect's drawings and did so to a very high standard.

At all times I was impressed by their professionalism and ability to cope with any problems that arose during the course of the works.

They were always on hand to answer any questions we had or deal with any issues we raised and this aspect of their service combined with the excellent results they produced lead me to have no hesitation in recommending them to prospective clients.

Yours Sincerely

Steven Martin
