To whom it may concern

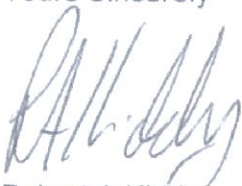

I would confirm that Matthew Stone Restoration Ltd were employed to carry out works on the Ascot Racecourse complex, namely the slate flooring of over 2000 square metres of balconies, from October 2005 to May 2006.

The specified works were carried out on time and to cost. Despite difficult prevailing working conditions during the winter months due to freezing temperatures, the MSR team continued to produce the results they had promised and to very high standards.

They were able to work night, as well as day shifts, and at all times we were impressed by their professionalism and ability to cope with any problems that arose during the course of the works.

They were always on hand to answer any questions we had or deal with any issues we raised and this aspect of their service combined with the excellent results they produced lead me to have no hesitation in recommending them to other companies like ourselves.

Yours Sincerely

Robert A Kiddy
Project Manager
